# Your career at **IBYKUS**

ERFURT | JENA | CHEMNITZ | DRESDEN | LEIPZIG

# ABOUT US

IBYKUS AG für Informationstechnologie is one of the leading IT companies in Central Germany, and has specialized in holistic IT services since it was founded in 1990.

Over 150 highly qualified employees work at its headquarters in Erfurt and four other locations in Central Germany to produce first class IT solutions for companies and public bodies in Germany and other countries all over the world.

Our Systems, Software and Services Departments offer our customers a comprehensive range of services from one source. Its great competence in software development, makes IBYKUS a reliable partner for highly complex and customized IT projects. To keep our growth on course, we are looking for talented young people with recognizable potential and experienced IT experts.
